5G FORUM WIRELESS

Our mission at DASpedia is to foster excellence and leadership by providing opportunities to interface with and learn from top industry experts. Our uniquely collaborative events are curated to maximize the participation of our sponsors, annual members, and attendees in mind. We are planning to host the following live events during 2024.

Let's Learn, Share, and Prosper!

5G Forum – Feb 22, 2024 – The Westin Irving – Dallas, TX

In-Building Wireless Technology 5G Forum

DASpedia's 5th Annual Wireless Technology 5G Forum has been scheduled for February 22, 2024. This year's invitation-only event has been specially curated for professionals involved in the deployment of 5G network infrastructure and other emerging in-building wireless technology solutions such as Private Networks (CBRS).

5G Forum hosts visionary thought leaders, inspiring speakers, MNO attendees, and wireless industry experts. Let's discuss how wireless technology, automation and innovation continue to impact the way that we operate in today's connected world.
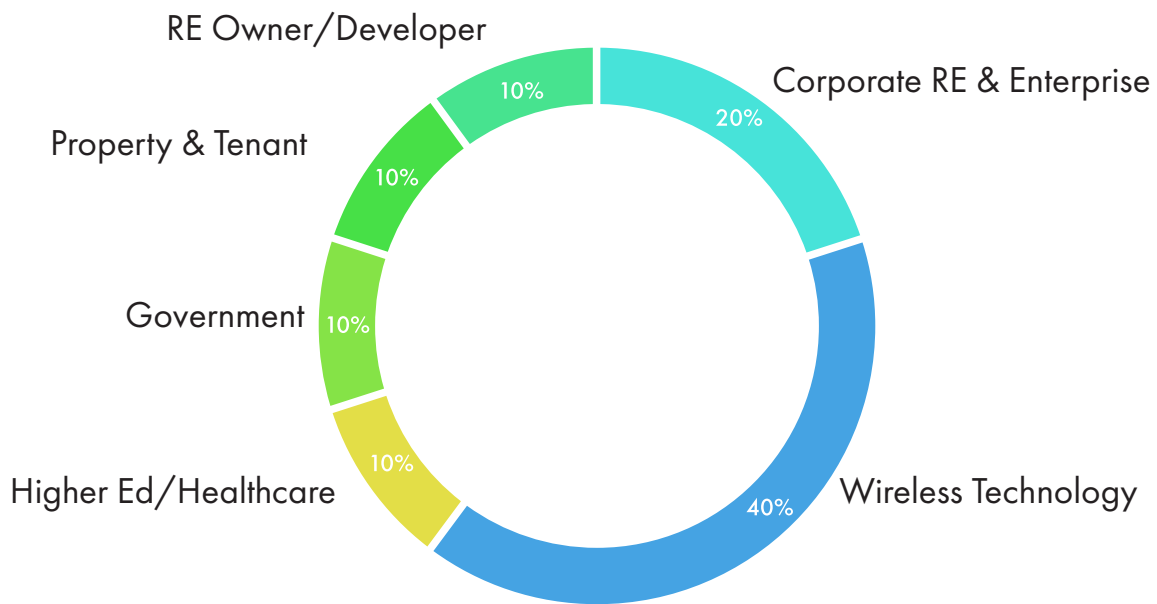

Date: February 22, 2024
Location: The Westin Irving – Dallas, Texas
